In September, 1947, came the biggest day of our lives, we were Freshmen and as green as could be. We had all new surroundings and a lot of new classmates from the other schools to meet. Soon came the day when there were little slips of paper going around with something written on them. We thought it funny that we were the only class to get them, but later on we found out that it was time for initiation. This was very interesting and frightening for us, but the rest of the upperclassmen sure got a thrill out of it. We ended a very successful year which was led by Richard Dunn, President, Sam Antonian, Vice-President, Hobert Helton, Secretary and Treasurer, Bernard Mueller and Firman Walker, Senators.

Now that we were Sophomores we lost the name of "greenies." After school had been in full swing for a month we thought we would like to order our class sweaters, so the salesman came and we picked out the sweaters we wanted. The color was another thing which we had some debate about, but finally decided on black and gold. Since we were Sophomores we had initiation to take care of. Although it was a hard job it was a success and everyone enjoyed it, even those who worked the hardest. We had a successful and prosperous year with these officers: Firman Walker, President, Henry Ganzeveld, Vice-President, Raymond Lee, Secretary and Treasurer, Bernard Mueller and Betty Stepp, Senators.

We started our Junior year with a bang and with the question, "What kind of rings do we want and what kind of play shall we have?" We finally made the decisions and ordered our rings and chose a class play, "Tumblin' Creek", which was given April 17th and 18th. As our sponsor we had Mr. Shreve. This year we were led by Firman Walker, President, Melvin Zeiters, Vice-President, Raymond Lee, Secretary, James Poisel, Treasurer, Bernard Mueller and Dale Bailey, Senators.

The big day came and we were the so-called "sophisticated Seniors". It was a busy year for all of us, so we began by electing Firman Walker, President, Raymond Lee, Vice-President, Robert Jones, Secretary, James Poisel, Treasurer, Bernard Mueller and Sam Antonian, Senators. We chose for our play, "A Close Shave", which was given two nights. The day we received our Senior pictures there was a rush of exchanging, because everyone wanted a picture of everyone else. We were kept so busy with all our activities that graduation was there before we realized. Commencement was held May 15, at 8:30 P.M., when each Senior received his diploma. Thus, the graduates of 1951 passed from the doors of Wheatfield High School.

"What an exciting year the Junior year is!" is the general remark of the Junior Class as each month whizzes by bringing with it something new to do and to think about. With the Juniors there is never a dull moment.

They started their year off "on the right foot" by electing very capable and reliable officers, this being no trouble at all for they all knew just whom they wanted-President, Franklin Whitaker; Vice-President, Tom Korniak; Secretary, Ruth Walker; Treasurer, Christine Jensen; Senators, Carol Hershman and Wetzel Howard. With the help of the classmates they made it a very successful year.

To show everyone they really meant business, the Juniors won the "Echo" Contest by selling the most subscriptions to the people.

When carnival time popped up, with all those last minute preparations, the Juniors got right in there and did their part, electing as their queen candidate, Christine Jensen.

To provide for expenses of the prom and future expenses in their Senior year, the Juniors had a bright idea--why not have a scrap drive? This proved to be a great success and helped fill the hole in the class treasury. Thus it was adopted by the class as their project. Taking charge of the concession stand at football and basketball games also helped build up the treasury fund.

Putting together all the creations and talent of the class, they turned out a very interesting assembly program. Miss Jackson, their sponsor, played a very important part in planning this program and the Juniors appreciated her help.

Then came the play, "The Atomic Blonde." This was a new experience for them, for they had never produced a play before. Although taking part in it meant sacrificing nights after school for practicing, it proved to be worthwhile and also great fun.

Finally, the night of nights came--May 4th, the Junior and Senior Prom. The theme was built around a Hawaiian scene and there were buffet style refreshments suitable to the Hawaiian atmosphere.

With past experiences stored away, the Juniors look forward to what is considered the best part of high school life--the Senior year.

Besides their sponsor, Miss Jackson, the Juniors would also like to thank Mrs. Shoemaker, who helped a great deal in this busy year.

Understudies

The Sophomores prepared for their active year by picking very efficient leaders as officers. They were: President, Ronnie Jones; Vice-President, Barbara Holladay; Secretary, Barbara Burke; Treasurer, Paul Walker, and Joan Jensen and Barbara Foust, Senators.

They helped the Freshmen swing into the newness of things by initiating them, one of the dutiful pleasures of the Sophomore Class each year. The Freshmen will probably never be the same again.

They were set back a little when they came in fourth in the "Echo" Contest among the upper six classes, and thus being in the lower half, took part in preparing and presenting the Christmas party.

They dug right in when the carnival rolled around and did pretty well for themselves coming in third and winning a \$5.00 prize to help build up the class treasury. Joan Jensen, popular girl candidate for queen of this class, came in second and earned an additional cash prize for the class. We hope the Sophomores keep up their good work and bring in prizes next year.

Their assembly program was a great success, with a surprisingly good showing of hidden talent. This class has always presented well its assembly programs, thanks to the careful planning and also the help of Miss Brown, the sponsor.

Then one day the world turned a dazzling gold color. No, we weren't going color-blind; it was just the Sophomore sweaters. A bright gold with a black "53" on the left sleeve, and above the left pocket, a Lamp of Knowledge was the Sophomores brilliant creation. This original idea, The Lamp of Knowledge, is very different from the well recognized "W" which is common on all the Wheatfield class sweaters. The Sophomores should be congratulated for their fine taste.

The Sophomores also had a bright idea concerning their class parties. For the first semester party, the girls were to do the planning and presenting; the second semester party was just reversed, with the boys putting forth their efforts to try to outdo the girls. Both the boys and girls did a good job in preparing and presenting the parties, and they were both well attended.

With all of these activities completed and old memories put in the back of their minds, they look forward to their Junior year filled with very exciting events.

Bit Players

With the "sophisticated" Seniors, "hard-working" Juniors, and "in-between" Sophomores, the green Freshmen boldly began their high school careers. To guide them through their new experiences requires capable and reliable students, and so they chose their officers accordingly with Allen Stembel as President; Doris Misch, Secretary; Karen Deerberg, Treasurer; Frank Jones and Arthur Green, Senators.

It did not take long for them to catch on when the "Echo" Contest came up. They were in the winning group although they did not place first.

Then came the long-dreaded initiation, highlight of the Freshman year. Though the Sophomores seemed to be without mercy, the Freshmen performed their required duties and surprisingly pulled through without any ill effects.

They were very lucky to get very profitable stands to take care of when the carnival rolled around. With these two stands and Doris Misch as popular girl candidate, they made a very good showing even though they did not win a prize. The enthusiasm this class has surely will bring rewards for them in coming school years.

Their assembly program helped the classmates become better acquainted with one another, giving them a chance to express their own ideas and to show their talents. It was also very interesting and entertaining for those attending the program.

They planned and attended well their first class party which was a chili supper and skating party combined. This party turned out to be so successful that they are looking forward to many more in the future.

Although the Green Freshies are looking forward to their Sophomore year, they will never forget the experiences in their first year of high school.

They would like to express thanks to their sponsor, Miss Stroup, who proved to be of great help both in getting the class started and working with them throughout the year.

Arcus Staff

The Arcus Staff, which consisted of Juniors and Seniors, began working on the yearbook early in the school year. The staff was chosen by Mrs. Shoemaker, sponsor of the yearbook. Miss Jackson was in charge of the art department for the annual, and all the sketches were done under her supervision.

We practiced sales talks so that we would be able to sell subscriptions to everyone, and when one morning several students were missing from school, it was soon understood that the solicitors for the annual were out getting advertisements.

Then, in October, individual pictures were taken by the National Studio. Group pictures of all the activity groups of the school were taken next.

Several activity periods and evenings were spent at the school writing, re-writing and typing up the work. Pasting pictures in our book took our mathematical genius as we had to figure out how many pictures we could paste across and down a page so that we could get them all in. Finally, after being approved by the editors, our yearbook was ready to be sent to press.

Student Librarian's Club

Any student in high school who is sincerely interested in library work is eligible for membership in the Librarian's Club. One other provision is that he must be able to serve as librarian at least once a week.

At the beginning of the year at the first meeting, officers were elected as follows: Raymond Lee, President, Ruth Walker, Secretary and Treasurer, Sammie Antonian, leader of helpers.

There were several new members this year. Also this year four grade boys, Alvin Hoffman, Charles Motheral, Tommy Grube and Joe McFarland, took care of the library on the day the grade school pupils came in for books. This was the first time this had been done, and it worked out very satisfactorily.

Pins were ordered for the new members; then as a money-raising project to help pay for the pins, the club ordered red combs with "Wheatfield High" inscribed on them. This proved to be a successful way to raise money.

At the carnival the club ran the bingo stand. Some of the proceeds was used to buy new books for the library.

Each librarian has a secret friend for whom he buys a birthday and Christmas gift.

Senate

The senate is made up of pupils who are chosen by their classmates to represent them in any problems which might come up during the school year.

This year the senate has done an excellent job with the help of its sponsor, Mr. Beck. One of the things they settled was the question of whether or not the classes should have assembly programs. It was decided to leave the choice up to the individual classes.

The senate also voted by a majority to have movies again this year. We have had six.

The officers were as follows: Joan Jensen, Secretary and Treasurer, Bernard Mueller, President.

SEATED: Left to Right: Franklin Freeman, Donnie Misch, Arthur Green, Barbara Foust, Carol Hershman, Sam Antonian, Joan Jensen, Doralee Bozeman.
STANDING: Mr. Beck, Bernard Mueller.

F. F. A.

The Wheatfield F.F.A. organization, consisting of eleven members, continued to do an excellent job in the agricultural department, although they were greatly handicapped by the constant replacement of instructors.

They started the year with Mr. John Ingels, who was taken into the service the last of October. They could not at that time find any other teacher, so Mr. Roland Halleck, the veterans' teacher, taught until February 1st. Then Mr. Carl Scott, a graduate of Purdue University, came and finished out the year.

The boys entered numerous contests and activities throughout the year. These included the District Elimination Contest, which included the Grain Judging Contest, the Parliamentary Procedure Team, and an essay by Robert Fenzel. In the Poultry and Egg Judging Contest they placed fourth in the state. The winning team consisted of Jim Poisel, Firman Walker and Henry Kampenga.

The officers of the club for this year were: President, Firman Walker, Vice-President, Dale Bailey, Secretary, Tom Korniak, Treasurer, John Feleki, Representative, Jim Poisel, Sentinel, Sam Zabrdac.

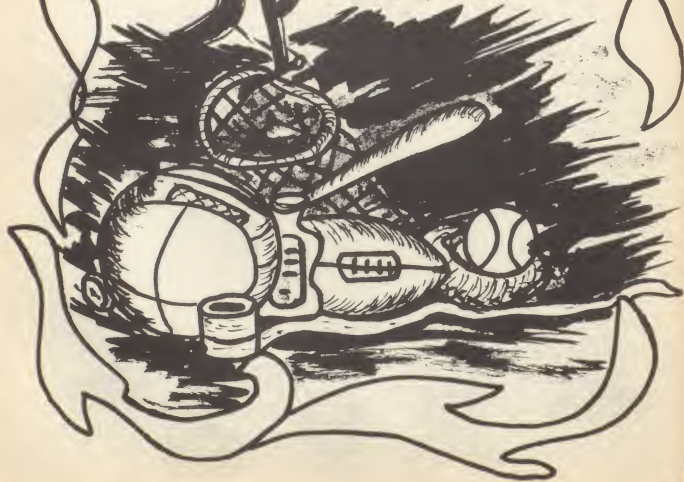

They had approximately two meetings a month.

Basketball Season '50-'51

The Wheatfield Red Devils, coached by Mr. Williams had a good season this year. The varsity quintet chalked up a total of thirteen wins and suffered only five losses.

Wheatfield is losing a number of Seniors this year who have played a number of years on the varsity. The Seniors are Henry Ganzeveld, Robert Jones, Bernard Mueller, Firman Walker, Melvin Zeiters, and Fred Ross. Wheatfield owes a lot to these boys for the fine job they have done. The other members of the squad are Tom Korniak, John Feleki, Richard Davis, and Paul Walker.

Our first game, which was a home game, was with DeMotte. The Red Devils defeated them by a score of 41-40. The boys did a fine job for the first game of the season.

The Devils did a fine job defeating Mt. Ayr, Medaryville, Fair Oaks, Remington, and LaCrosse in succession. Then the Devils had to bow to Monon, for their first defeat. This was only by one point. The score was 40-39.

The next game was with Morgan and the Devils were back on the road. Then the LaCrosse Tourney was next in line. The Devils defeated San Pierre in the first game and then LaCrosse in the second game to take home their first trophy of the season.

Then the Devils played Hammond Noll. Playing good ball and a determination to win, defeated the Hammond Noll Warriors with a one point margin.

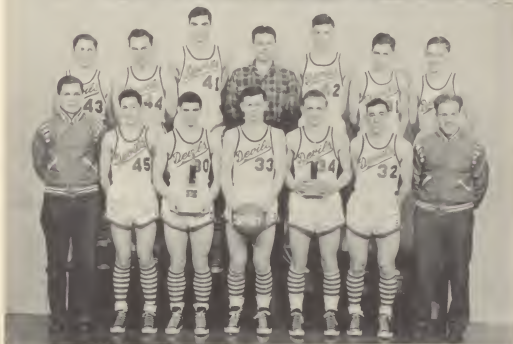

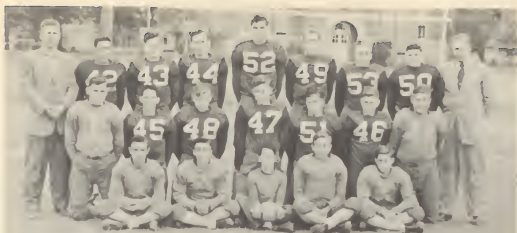

The next job was the K.V.T. The Devils were defending their championship title, and with some top teams to defeat this meant a big job. But the Devils did it again and took their second trophy from DeMotte in the finals.

After the K.V.T. our first scheduled game was with DeMotte again. The Devils defeated them again and began on the road defeating San Pierre and Francesville, but lost to Merrillville.

Then going to Kouts, and being defeated again got the Devils off course.

Our next game was with Medaryville with two of our main five players being benched on account of sickness. We were defeated, then faced the last game of the season with Hebron. The Devils were defeated again and this ended the 1950-51 season.

Cheerleaders

Marlene Clark, Shirlee Williams and Joan Jensen were the cheerleaders for 1950-51. They have certainly done a fine job of keeping the fans in a yelling mood. They were elected by faculty representatives and the senate.

The Junior High team, under the guidance of their new coach, Mr. Cuddy, had a successful season with only three games lost.

Football Season

The 1950 football season, introduced a new coach, Mr. James Cuddy, who replaced Mr. Rainford.

This year's football team has nine Seniors to give up. They are: Dale Bailey, Dick Dunn, Henry Ganzeveld, Harris Hale, Robert Jones, Bernard Mueller, Fred Ross, and Firman Walker. Wheatfield certainly is proud of the fine job they have done in making the football team what it is.

In the first game of the season, the Wheatfield Devils started out with a bang. They beat DeMotte by a score or 44-8. This was made possible by good blocking and passing, along with high team spirit. This was a non-conference game.

Our next game was a home game with DeMotte. This was a conference game in which our Devils scalped those Indians with a score of 59-14.

The next game was with Kentland. At this game the Devils could not make ends meet and suffered their first defeat of the season. The score was 27-13.

The Wheatfield Devils back in their true form, met Mt. Ayr and rumbled over them by a score of 67-22. This was due to good passing by Bernard Mueller and Henry Ganzeveld and receivers Dick Dunn and Fred Ross. The Devils played a tight line which Mt. Ayr had trouble breaking through.

The next game of the season was with Morocco. This was played on Friday the 13th, and if anyone is superstitious, meant a bad night for one of the teams. Wheatfield had to go down in defeat. The score was 39-19.

The last game of the season was played at Williamsport. Everyone seemed to play his best and the Devils had their day. They smashed through the Williamsport line to win a victory by a score of 50-0.

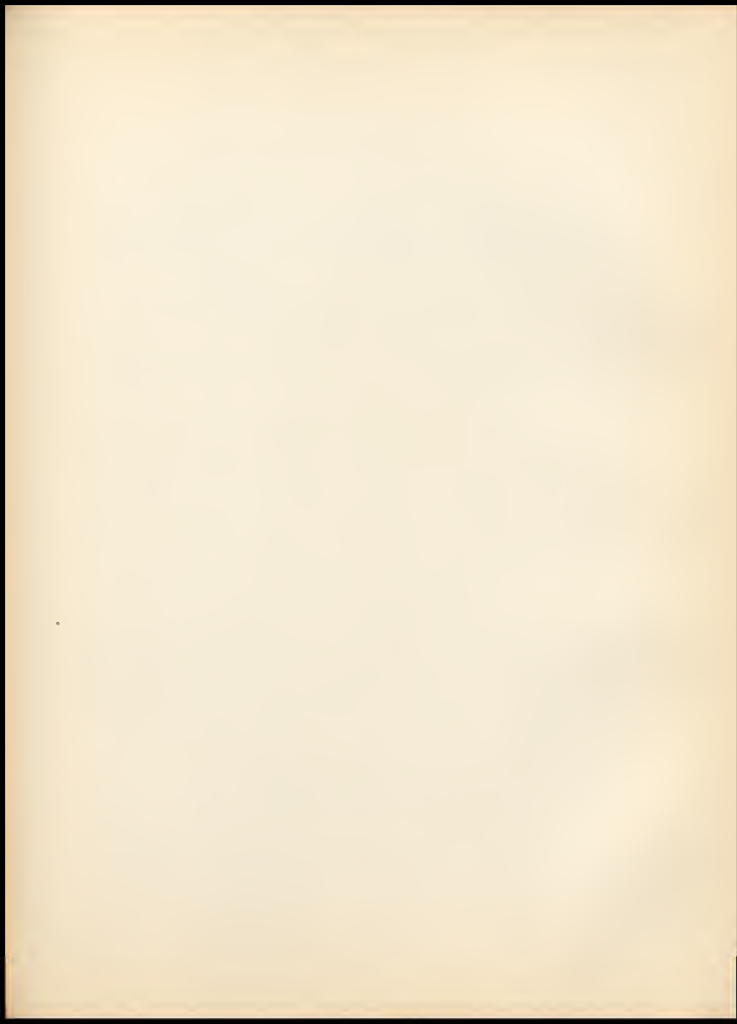

This ended the 1950-51 football season and probably one of the best. The team had the fight and scrap that it takes to make a team. Other members of the squad are Archie Snyder, Paul Walker, Ronald Jones, Sam Raich, John Feleki, Robert Fenzel, Charles Howard, Wayne Reeder, Sonny Green.
